INNOVATIVE
STONECRAFT

INNOVATION MEETS ELEGANCE

Each stone crafted at our facility captures the unique texture and elements found within nature. Our individual stones are hand colored and checked for overall quality and consistency prior to leaving our facility.

PROUDLY SERVING ALL ACROSS CANADA

Innovative Stonecraft, based in the heart of Saskatoon, Saskatchewan, is a Canadian manufacturer specializing in high-quality stone veneer products. We are driven by a commitment to innovation, introducing new processes to the Canadian stone veneer market. Our goals include resolving supply chain challenges, promoting sustainability in the homebuilding industry, and supporting local businesses.

Innovative Stonecraft is proud to partner with an extensive and growing network of trusted dealers across Canada. Our dealers are carefully selected to uphold our commitment to quality and customer service, ensuring our premium stone veneer products are readily accessible to builders, contractors, and homeowners.

DESIGN + SUSTAINABILITY GO HAND IN HAND

At Innovative Stonecraft, sustainability is at the heart of everything we do. From our design process to our production procedures, we are committed to creating products that are both innovative and environmentally responsible. We strive to minimize our environmental impact by integrating eco-friendly practices and materials into every concept we develop. Our goal is to craft products we can be proud of—beautiful, functional, and safe for the planet.

LEDGE STONE

Our ledge stone collection provides a natural stone look with its variance in sizes and shades. You can achieve a modern spin on a rustic feel with the color options within this collection.

LEDGE STONE

This collection is the perfect choice for those getaway cabins, lake cottages or for any exterior home-a-way from home.

Stone Specifications:

Length: 6" - 18"

INNOVATIVE STONECRAFT

Innovative Stonecraft manufactures stone veneer designed to replicate the look of natural stone, and variations are to be expected. While the colors in this brochure closely resemble the actual product, due to photographic and printing techniques, the stone may appear slightly different in person. We recommend requesting a sample before placing your order to ensure the perfect match.
